BULK ROOIBOS PRODUCT DESCRIPTIONS & PACKAGING SPECIFICATIONS

Grade Name	General Description	Availability	Bulk Packaging	Infusion Rate	Liquor	Recommended Use				
						Loose Application	Pillow Bags	Double chamber string & tag bags	Espresso Machine	
Classic		Rooibos Classic has the finest particle size with a high leaf percentage. It has a strong Rooibos flavour with more astringency than the other Rooibos grades.	Limited. This grade comprises of only 10% of the annual crop	18 kg paper bags (9000 kg per 6 m container) or 450 kg bulk bags (9000 kg per 6 m container)	Fast	Dark	*	***	***	*
										
Extra Fine Cut		Rooibos Extra Fine Cut presents the consumer with new ways to enjoy Rooibos. This grade is bursting with Rooibos taste and the finer particle size makes it ideal for application in espresso machines. It is also fine enough to be used in confectionary etc.	Made to order	14 kg boxes (4900 kg per 6 m container)	Very fast	Very dark	*	*	*	***
										
Green Rooibos Fine Cut		Green Rooibos Fine Cut consists of finely cut, freshly dried pieces of leaves and thin stems of <i>Aspalathus linearis</i> . Its green and mildly grassy taste makes it ideal for flavouring. With a slightly more astringent taste compared to Green Rooibos Loose Leaf, it also makes a refreshing drink when used unflavoured.	Made to order	18 kg paper bags (9000 kg per 6 m container) or 450 kg bulk bags (9000 kg per 6 m container)	Moderate to fast	Light orange with a yellow-green tint	*	***	**	*
